If the DOE Low-Sulfur No. 2 Diesel fuel index exceeds \$4.00/gallon, an additional .5% (five-tenths of one percent) will be added to the 36.0% fuel surcharge rate in increments of \$0.05/gallon. Likewise, if the DOE Low-Sulfur No. 2 Diesel fuel index falls below \$1.70/gallon then the fuel surcharge will be adjusted downward in increments of .5% (five-tenths of one percent) per \$0.05/gallon. Fuel surcharge amounts are in addition to the published base door-to-door rate (accessorial fees such as special pick-up/delivery, etc. excluded), and will be indicated as a separate line item on the billing invoice.

Notes: Changes in the fuel surcharge amount will be effective on the first business day of each month, based on the last month's average as taken from the DOE weekly national fuel index (updates from the DOE occur each Monday, excluding legal holidays which fall on a Monday). Low-Sulfur No. 2 Diesel fuel indexes will be taken using the average of the New York Harbor, U.S. Gulf Coast and Los Angeles fuel costs as published by the DOE. Verification of these fuel index averages can be obtained through the DOE Internet website of www.eia.doe.gov.
